Attention: CEO

Dear: CEO

Notice of future action.

It is disheartening that rather than: attempting to resolve matters, attempting to apologize &/or even acknowledge Costco's blatant criminal conduct & unethical wrongdoing, immediate mandatory sensitivity training for all employees of Costco as previously prescribed, heeding my warning; despite having a copy of my letter, Rob Ferguson chose to disregard my letter.

Rob Ferguson: calling, writing, & ultimately compelling my writing of this letter constitutes my life further being retarded, by Costco. As a result, it is with a dishearteningly heavy heart that Costco's Articles of Incorporation or thereof will be revoked when I am President of the United States of America.

Rob Ferguson's February 8<sup>th</sup>, 2016 letter, albeit erroneous, alleges Costco has a "...policy requiring members to show their receipts at the door before exiting the building..."; where is this policy? Where is it explicitly, **not** implicitly, rather **explicitly** indicated that "...**requiring** members to show their receipts at the door before exiting the building..."? At the time of writing, Costco ***does not*** have a policy that **explicitly** indicates anything to the effect of "...**requiring** members to show their receipts at the door before exiting the building..."; whilst a half-wit might erroneously misconstrue the following actual policy as being the same, it is not the same; the following policy only indicates Costco's policy is to "inspect" receipts & merchandise as one leaves the warehouse, it **not** being explicitly indicated that anyone "has-to" nor is anyone "required" to have their receipts &/or merchandise "inspected" makes the following policy **entirely voluntary**; actual policy, "To ensure that all members are correctly charged for the merchandise purchased, all receipts and merchandise will be inspected as you leave the warehouse."
